Dear Prof. Haralick, Thank you for choosing to do your best as the EO at the CTC. Though I don't know you well, I have never doubted there was someone here genuinely committed to helping the students achieve success, motivated by something more noble than many in positions of power. I wish you the best in your research and future endeavors. Though I haven't expressed it, I have always been grateful that you are our department head.

You will be missed

Dear professor Haralick,

My life changed the moment I walked into your office and met you, the ED and my advisor.

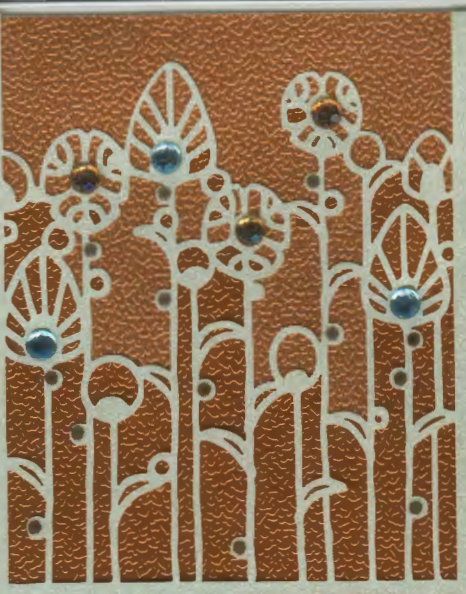

A lot happened during the past 3 years. I cannot remember how many times I went to you and you are always there to help.

I thought about giving up thousands of time during these years. But your endless support help me survive. I would never be able to make it without you around in the department.

I will forever be thankful to you in my life.

Thanks a Million!!! Xiyan
